Special Requests:

James Cowan (Lisa Neil's Brother) needs our prayers! He has type B lymphoma

Please keep in your prayers Walt Busby. Long time employee of Jay Wood in Crossville. He has been diagnosed with Acute leukemia

Continue to remember Louis Byers in your prayers as well

Clarence Deloach has had brain scans and shows that there is brain activity and they are going to try and begin to wake him up slowly out of his medically induced coma.

From the Brewington family: "We would like to say thank you to our church family for your prayers throughout the last two weeks. We are feeling good and we look forward to seeing our church family soon! Their quarantine is over but they are still going to wait to come back to worship just to make sure!

Announcements:

The elders have decided that our worship services and Bible study will resume at 9 am on Sunday, July 12, including a 5 pm worship service and 7pm Bible study on Wednesday evening. After reviewing our previous plan to reduce the spread of Covid-19, we feel these efforts were effective recently when 9 of our members tested positive without evidence of transmission to anyone at church. Therefore, we will continue with individualized communion and centralized collection areas, avoidance of use of hymnals, reserving the right side of the auditorium for those who are higher risk, every-other pew seating, and encouraging those with symptoms, fever, or close contact with someone with the virus to stay home. We will continue to broadcast our times together on facebook live. Please feel free to utilize any appropriate means of social distancing while gathered together.

DSYG Announcements (Grades 7th-12th):

August 7th "Fryday Friday" and cookout here at the building! From 5:00-7:00. Bring your favorite food you want to try and deep fry! We will be playing volleyball, four square, cornhole, spikeball etc. Dinner will be provided (Hamburgers and hotdogs)

August 14th-16th will be the Summer retreat that will take the place of Short Mountain Bible Camp! Stay tuned for updates and sign up sheets regarding that! Please sign up on the youth board by August 9th!

Sermon Notes

Alligators are very dangerous animals, they can kill a lion with one swift twist of their body. However, I can kill an alligator and so can you. According to science the best time to attack an alligator is right after they've eaten because that is when they are satisfied, it's almost paralyzed. Are you at that point in your life? Maybe you've talked to someone about God and you think that it. As a Christian we should NEVER be satisfied with where we are at, we should always continue to bring other people to Christ and continue to be a living example of Christ's life!
